

DISCOVER NATURE'S POWER

Workshops for Post-Primary Students and Youth Groups

- **Explore Climate Change, Energy and Global Citizenship.**
 - **Experiment with Solar, Hydro and Wind Technologies.**
- **Improve Teamwork, Communications and Critical Thinking.**

"I liked working in groups and trying out experiments."
"I liked planting seeds and generating power, because it was hands-on and we got to do stuff for ourselves"

Transition Year students,
St. Paul's Secondary School, Co. Galway.

Suitable for all post-primary levels and youth groups including CSPE Action Projects and TY students. Incorporates all Key Skills for Junior and Senior Cycle.

Brigit's Garden has a range of sustainable technologies and demonstrations on site, as well as a polytunnel, woodland, lake and celtic gardens, providing a varied and engaging setting for experiential learning.

Excellent indoor facilities are provided for wet weather activities and break-times. However, participants are advised to dress appropriately for changeable Irish weather.

**3 hour workshop
€12 per student**

Minimum 10 per group.
Price excludes food.

(Workshop length and cost may be flexible according to your groups needs)

FREE TY Energy workshops from SEAI now available in schools with Brigit's Garden facilitators.
