ENERGY in Action

An exciting hands-on experience for 3rd-6th class!

- **Investigate** solar, hydro, wind and biomass technologies on site
- **Experiment** with energy using hand-cranked pumps & magnets
- **Explore** energy concepts: Food chains; insulation & conduction
- **Care** for the Environment: Reduce your energy use!

Education and inspiration for both pupils and teachers.

3 hour
programme
€9.95 per
student

'Excellent link to SESE, Geography and Maths - interactive and easy to follow' - Tullkyne NS

'The facilitator was excellent, pitched it perfectly at their level' - St. Annin's NS

'Very good as we are doing the energy flag in our school' - Lisheenkyle NS
