

Role Description	eLearning Advisor
V1 October 2021	

The eLearning Advisor is a contract position.

Enhance the online and blended learning competencies in Brigit's Garden

- Act as technical advisor regarding the use of educational technology for blended learning suitable for the Brigit's Garden context and the learner and programme profiles
- Provide expertise regarding the selection, trialling, implementation and roll out of software, hardware and media infrastructure to support blended learning, including the Learning Management System
- Advise on the development and articulation of guiding educational principles in relation to blended learning
- Provide advice, expertise and support to the Education Coordinator and tutors to enable them to deliver the best eLearning solutions for our learners
- Support learning and content design, ensuring that the chosen format and content meet learner and programme needs
- Provide advice on blended learning programmes, highlight gaps and development areas
- Advise on best practice as regards virtual instructor-led training (VILT)
- Contribute to the implementation and ongoing development of our blended learning strategy
